Create your own
Murphy Wall-Bed
customized to fit
your needs and space
with the complete
creative freedom of
Showplace cabinetry.

Basic bed units

customization ideas

Your options are wide open.

Whatever the need or the space, **Murphy Wall-Beds** can open new options in your home. Offered in many sizes and configurations, these versatile workhorses can be completely customized in your choice of wood, style and finish. You can add display or storage spaces as shown here, and dress it up as much or as little as you please. Our Wall-Bed cabinetry has top-quality all-wood construction backed by a limited lifetime warranty.

Unlike sofa beds and futons, Murphy beds don't use a folding mattress so there are no bars or lumps to sleep on. Use any mattress up to 11" thick for a comfortable night's sleep. No box spring is needed. Velcro straps are provided to hold bedding in place when closed. The folding support leg is angled to prevent stubbed toes, and the powder-coated aluminum mechanism is lightweight, rated to support up to 2000 pounds.

Two vertical twin beds with functional center cabinets.
Overall dimensions: 119" wide x 21" deep 82-7/16" tall

Projects 85" from wall

These design ideas aren't your only options. These are just suggestions to illustrate some of the possibilities. Each Showplace Murphy Wall-Bed is a unique creation, defined by your home, your preferences and your lifestyle. A Showplace designer can help you take your ideas to reality.

Create something uniquely your own.

The process of **creating your own** unique wall-bed begins with the proven, sturdy Murphy mechanism. Offering fingertip operation, it's sleek, counterbalanced and spring-loaded for minimal effort. Add the mattress of your choice in queen, full or twin. Then begin the creative exploration with the almost limitless range of Showplace wood, style and finish options. (Get to know them at ShowplaceWood.com) Add cabinets to the sides for storage and display. Place an open cabinet above a horizontal bed and give your big flat-screen an elegant home. Top off the creation with valances and moldings. In the end, you'll have transformed unused space into an outstanding home feature.

A bright, sunny personality is created with a painted finish on the elegant Summit Inset door style. Side units provide both out-of-sight storage and open display spaces.

Rest and relaxation combine with the perfect home for a large flat-panel TV, and room for a guest. Note how the glass doors flanking the TV add a touch of furniture appeal.

A convincing deception is created by attaching doors and drawer headers to the Wall-Bed face. When closed, this handsome unit assumes the identity of an elegant hutch.
